☰ Categories : [Residential Mortgage](#)

National wholesale and correspondent lender [Parkside Lending](#) recently expanded its securitization program and is now issuing [Ginnie Mae](#) securities.

As a result, the lender can offer more products to borrowers who are using government-insured loan programs and can service government loans that are issued into Ginnie Mae securities.

“We are especially proud to partner with Ginnie Mae in broadening the availability of affordable housing to creditworthy borrowers,” says Matthew Ostrander, chairman and CEO of Parkside Lending, in a release. “This is a good example of how Parkside is constantly endeavoring to extend the power of caring to a larger group of people to help them achieve their dream of homeownership.”

In order to secure Ginnie Mae’s approval, Parkside Lending participated in an extensive screening process.

Mortgage Lenders Face Potential Backlash From 'Over Automating'

What do consumers want in a mortgage process? Surveys indicate they do not want too much impersonal automation, and industry experts say lenders are working to offer both high tech and high touch. [Read more...](#)

Marketplace Lenders Driving E-Mortgage Adoption

As lenders are learning, adoption of e-mortgage technology isn't just a matter of compliance – it is a matter of staying competitive and gaining market share. [Read more...](#)

Three promotional banners are displayed side-by-side. The left banner is for SmartCLOSE by DocMagic, featuring a hand holding a pen and the text "Collaborate on TRID Documents... and more!" with a "Find Out More!" button. The middle banner is for National Field Representatives (NFR), showing a group of people in front of a house and the text "Our People Make the NFR Difference" with contact information: "NATIONAL FIELD REPRESENTATIVES", "WWW.NFRONLINE.COM • 800-639-2151 X 3220". The right banner is for First American Mortgage Solutions, with the text "HOME EQUITY IS BACK." and "Choose one source to power your business forward."

Poll

Should the FHFA proceed with a plan for principal reduction for select underwater homeowners?

- Yes
- No
- Maybe - I would need to see the plan first
